In all movements both Asst Engineer Krishna Murthy Superintending were drawing formerly amounted to 100 + 40 = In the order of the 24th March no mention is made of the conveyance allowance in regard to any of their pressing working with Krishnadasapura works. If in spite of this the Superintending Engineer are drawing an extra monthly allowance as I do from the civil list heading and drawing, I do not see any reason why the medical officer should be denied this privilege.

It may be considered in Council if the above be approved.

expressed by him and suggested that the best arrangement would be to give travelling allowance under the ordinary rules when the officer travelled beyond five miles and withdraw the permanent monthly allowance

4. The Chief Engineer, Cauvery Valley Irrigation, to whom the papers were next referred for opinion, strongly urged the grant of a conveyance allowance of Rs.40/- to the Assistant Surgeon on the following grounds:-

Pages 7 & 8 of office Notes

(1) This conveyance allowance had been sanctioned to his predecessor in office.

(2) All the Engineering Officers attached to the works draw this allowance according to their rank.

(3) This conveyance allowance is sanctioned on the consideration that these officers, while not having extensive touring to claim daily batta and allowances, have still to maintain means of conveyance to enable them to visit localities to attend to works in connection with the duties assigned to them.

(4) The up-keep of animals and conveyances in these days costs a heavy sum.

(5) Mr.Deen Dayal Singh has more travelling than other officers attached to the work. He has to visit labour camps scattered all over the area to look to proper sanitation of these camps.

(6) The configuration and nature of the ground forbid extensive use of cycle. He maintains a bullock coach and its maintenance charges may not in all fairness be asked to be met from his local allowance. This latter is sanctioned in consideration of the unhealthiness of the locality, costly living, arduous work and has to stand on its own merits and cannot be set off against conveyance allowances whose object is quite a different one.

5. The subject was discussed in Council on the 7th April 1921 and it was resolved that a conveyance allowance of Rs.40/- per mensem might be sanctioned to the Assistant Surgeon attached to the Krishnarajasagara Works.
